REST ASSURED

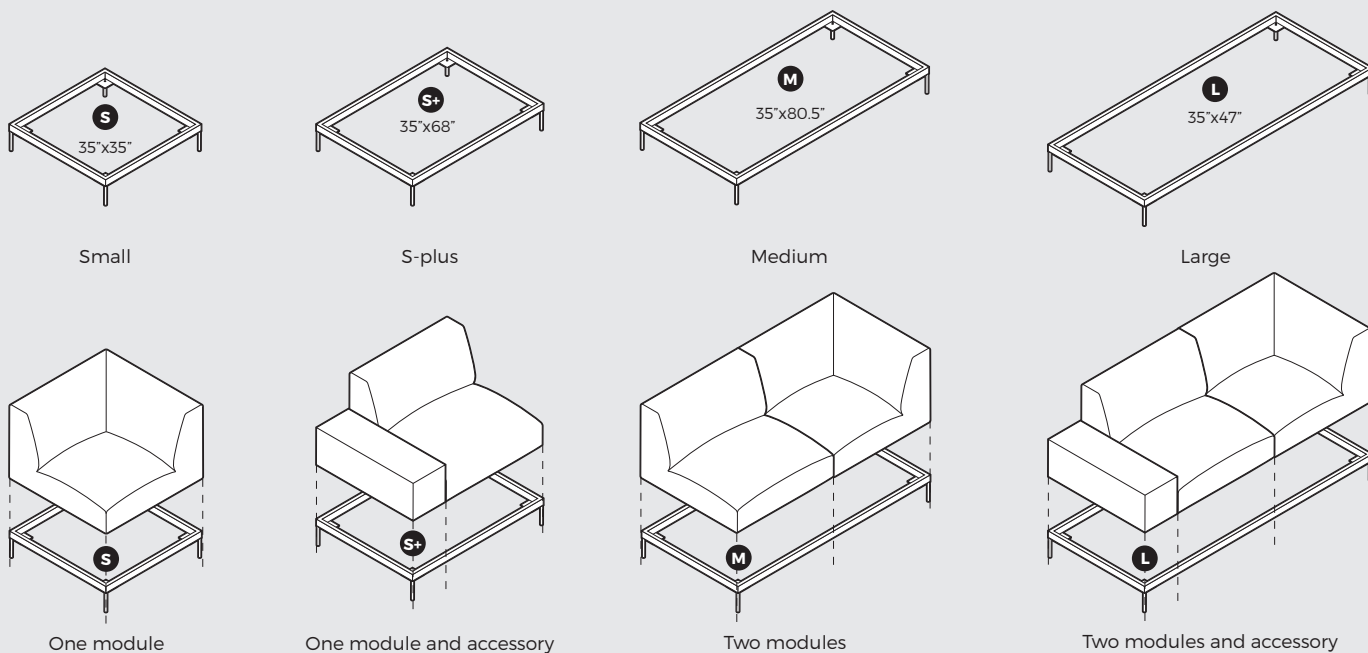

VIU enables a spontaneous changeability. The upholstered modules are put together according to the usage requirements and personal taste. They can be swapped or rotated as needed. In this way, new seating and reclining landscapes can be created as required in just a few simple steps. VIU can be playfully integrated into our lives.

1. SINGLE FRAME PARTS

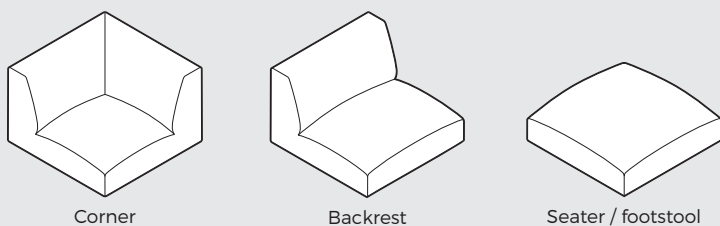

Different frames can be equipped with three different modules. Four options of frames are available, accommodating either one module, two modules one module or two modules with an accessory. The modules can be placed in any order and direction.

Scale 1:50

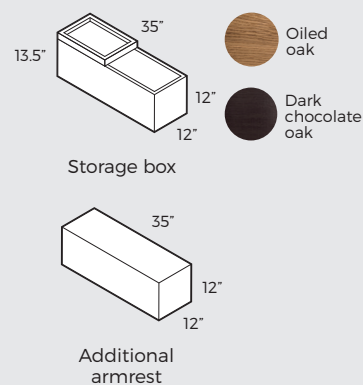

2. SINGLE MODULE PARTS

There is a possibility to choose between three different back heights. Depending on need and preference, this allows upright sitting, lounging or lying down. **The base size of all modules is 35"x35" cm.**

3. ACCESSORIES

Scale 1:50

4. SUGGESTED COMBINATIONS

IMPORTANT! Upholstered furniture is handmade using soft materials therefore measurements may vary up to +/- 2".
